PORTA & BINI  
MADE IN ITALY

# Eos 27

Gli articoli della serie Eos sono disponibili nelle finiture sotto indicate:

Cromo	.CS	Cromo spazzolato*
.NP Nero opaco	.DO	Dorato

\*Le collezioni prodotte con finiture spazzolate vengono realizzate interamente a mano. Tale processo conferisce alla finitura una speciale discontinuità, rendendo ogni pezzo unico ed esclusivo.

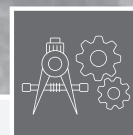

**IMPORTANTE:** Nella cura dei prodotti Porta & Bini si devono utilizzare soltanto i prodotti di pulizia che sono espressamente previsti per questo campo d'impiego. Non utilizzare prodotti ausiliari e attrezzi per la pulizia con effetto abrasivo, come abrasivi inadatti, spugne e panni in microfibra.

*The articles included in Eos series are available in the following finishings:*

Chrome	.CS	Brushed chrome*
.NP Matt black	.DO	Gold

*\*The brushed finishing collections are made entirely by hand. This mean that their discontinuous shade may be visible. These distinct characteristics contribute to making each piece unique and exclusive.*

**IMPORTANT:** With regard to caring for the Porta & Bini products, only use cleaning material which is explicitly provided for this type of application. Never use cleaning materials or appliances with an abrasive effect, such as unsuitable cleaning powders, sponge pads or micro fibre cloths.

# Pretty 47

Gli articoli della serie Pretty sono disponibili nelle finiture sotto indicate:

	Cromo	.DC	Dark copper*
.CS	Cromo spazzolato*	.DO	Dorato

\*Le collezioni prodotte con finiture spazzolate vengono realizzate interamente a mano. Tale processo conferisce alla finitura una speciale discontinuità, rendendo ogni pezzo unico ed esclusivo.

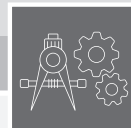

**IMPORTANTE:** Nella cura dei prodotti Porta & Bini si devono utilizzare soltanto i prodotti di pulizia che sono espressamente previsti per questo campo d'impiego. Non utilizzare prodotti ausiliari e attrezzi per la pulizia con effetto abrasivo, come abrasivi inadatti, spugne e panni in microfibra.

*The articles included in Pretty series are available in the following finishings:*

	Chrome	.DC	Dark copper*
.CS	Brushed chrome*	.DO	Gold

\*The brushed finishing collections are made entirely by hand. This mean that their discontinuous shade may be visible. These distinct characteristics contribute to making each piece unique and exclusive.

**IMPORTANT:** With regard to caring for the Porta & Bini products, only use cleaning material which is explicitly provided for this type of application. Never use cleaning materials or appliances with an abrasive effect, such as unsuitable cleaning powders, sponge pads or micro fibre cloths.

## SPECIFICHE TECNICHE

Porta & Bini si riserva il diritto di apportare eventuali modifiche ai propri prodotti senza preavviso. Le dimensioni raffigurate all'interno delle rappresentazioni grafiche sono da ritenersi indicative e soggette a possibili variazioni. In caso di domande si prega di contattare il proprio fornitore autorizzato Porta & Bini.

*Porta & Bini has the right to modify its products without any notice. All dimensions are based on original specification and are subject to change and variation. Please consult your Porta & Bini Design Associate for current specifications.*

Gli articoli della serie Sky sono disponibili nelle finiture sotto indicate:

Cromo	.CS	Cromo spazzolato*
.NA Nichel antico*	.DO	Dorato

\*Le collezioni prodotte con finiture spazzolate vengono realizzate interamente a mano. Tale processo conferisce alla finitura una speciale discontinuità, rendendo ogni pezzo unico ed esclusivo.

**IMPORTANTE:** Nella cura dei prodotti Porta & Bini si devono utilizzare soltanto i prodotti di pulizia che sono espressamente previsti per questo campo d'impiego. Non utilizzare prodotti ausiliari e attrezzi per la pulizia con effetto abrasivo, come abrasivi inadatti, spugne e panni in microfibra.

*The articles included in Sky series are available in the following finishings:*

Chrome	.CS	Brushed chrome*
.NA Old Nickel*	.DO	Gold

*\*The brushed finishing collections are made entirely by hand. This mean that their discontinuous shade may be visible. These distinct characteristics contribute to making each piece unique and exclusive.*

**IMPORTANT:** With regard to caring for the Porta & Bini products, only use cleaning material which is explicitly provided for this type of application. Never use cleaning materials or appliances with an abrasive effect, such as unsuitable cleaning powders, sponge pads or micro fibre cloths.

#### SPECIFICHE TECNICHE

- › Temperatura di utilizzo massima 80°C - consigliata 60°C.
- › Pressione di alimentazione ottimale 3 bar continui.
- › Differenza pressione massima acqua calda/fredda 1 bar consigliata la minima possibile.

Gli articoli della serie Moda sono disponibili nelle finiture sotto indicate:

Cromo  
.BR Bronzato\*

\*Le collezioni prodotte con finiture spazzolate vengono realizzate interamente a mano. Tale processo conferisce alla finitura una speciale discontinuità, rendendo ogni pezzo unico ed esclusivo.

**IMPORTANTE:** Nella cura dei prodotti Porta & Bini si devono utilizzare soltanto i prodotti di pulizia che sono espressamente previsti per questo campo d'impiego. Non utilizzare prodotti ausiliari e attrezzi per la pulizia con effetto abrasivo, come abrasivi inadatti, spugne e panni in microfibra.

*The articles included in Moda series are available in the following finishings:*

Chrome  
.BR Bronze\*

\*The brushed finishing collections are made entirely by hand. This mean that their discontinuous shade may be visible. These distinct characteristics contribute to making each piece unique and exclusive.

**IMPORTANT:** With regard to caring for the Porta & Bini products, only use cleaning material which is explicitly provided for this type of application. Never use cleaning materials or appliances with an abrasive effect, such as unsuitable cleaning powders, sponge pads or micro fibre cloths.

FORMA

Porta & Bini si riserva il diritto di apportare eventuali modifiche ai propri prodotti senza preavviso. Le dimensioni raffigurate all'interno delle rappresentazioni grafiche sono da ritenersi indicative e soggette a possibili variazioni. In caso di domande si prega di contattare il proprio fornitore autorizzato Porta & Bini.

*Porta & Bini has the right to modify its products without any notice. All dimensions are based on original specification and are subject to change and variation. Please consult your Porta & Bini Design Associate for current specifications.*

Gli articoli della serie Forma sono disponibili nelle finiture sotto indicate:

Cromo	.CS	Cromo spazzolato*
.NP Nero opaco	.DO	Dorato
.NA Nichel antico*	.RS	Oro rosa

\*Le collezioni prodotte con finiture spazzolate vengono realizzate interamente a mano. Tale processo conferisce alla finitura una speciale discontinuità, rendendo ogni pezzo unico ed esclusivo.

**IMPORTANTE:** Nella cura dei prodotti Porta & Bini si devono utilizzare soltanto i prodotti di pulizia che sono espressamente previsti per questo campo d'impiego. Non utilizzare prodotti ausiliari e attrezzi per la pulizia con effetto abrasivo, come abrasivi inadatti, spugne e panni in microfibra.

*The articles included in Forma series are available in the following finishings:*

Chrome	.CS	Brushed chrome*
.NP Matt black	.DO	Gold
.NA Old nickel*	.RS	Rose gold

\*The brushed finishing collections are made entirely by hand. This mean that their discontinuous shade may be visible. These distinct characteristics contribute to making each piece unique and exclusive.

**IMPORTANT:** With regard to caring for the Porta & Bini products, only use cleaning material which is explicitly provided for this type of application. Never use cleaning materials or appliances with an abrasive effect, such as unsuitable cleaning powders, sponge pads or micro fibre cloths.

#### SPECIFICHE TECNICHE

- › Temperatura di utilizzo massima 80°C - consigliata 60°C.
- › Pressione di alimentazione ottimale 3 bar continui.
- › Differenza pressione massima acqua calda/fredda 1 bar consigliata la minima possibile.
- › Nel caso di pressioni oltre i 5 bar, è consigliabile installare un riduttore di pressione.

**NOTA:** I tubetti flessibili vengono forniti come dotazione standard per una più facile installazione; i tubetti rigidi sono disponibili come un accessorio opzionale o su previa richiesta.

Per garantire l'ottimale funzionamento del prodotto si consiglia l'installazione di rubinetti filtro sottolavabo ispezionabili Porta & Bini articoli: 538, 539 e 540.

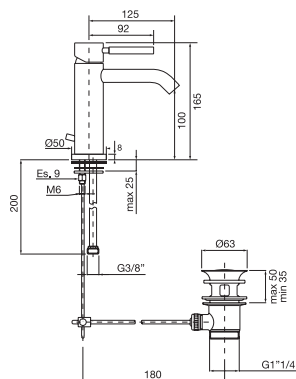

#### TECHNICAL SPECIFICATION

- › Temperature range max 80°C - recommended 60°C.
- › Optimal water supply pressure 3 bar continual.
- › Difference of hot/cold pressure max 1 bar recommended minimum possible.
- › In the event of pressure over 5 bar, install a centralized pressure reducer.

**NOTE:** Stainless steel hoses are provided as standard equipment for easy installation; copper supply tubes are available as an optional accessory or with advance notice.

In order to allow optimal product operation is recommended to connect hot and cold waterlines to the angle stop filter valves Porta & Bini items code: 538, 539 and 540.

Gli articoli della serie Timer sono disponibili nelle finiture sotto indicate:

- Cromo
- .BR Bronzato\*
- .NA Nichel antico\*

\*Le collezioni prodotte con finiture spazzolate vengono realizzate interamente a mano. Tale processo conferisce alla finitura una speciale discontinuità, rendendo ogni pezzo unico ed esclusivo.

**IMPORTANTE:** Nella cura dei prodotti Porta & Bini si devono utilizzare soltanto i prodotti di pulizia che sono espressamente previsti per questo campo d'impiego. Non utilizzare prodotti ausiliari e attrezzi per la pulizia con effetto abrasivo, come abrasivi inadatti, spugne e panni in microfibra.

*The articles included in Timer series are available in the following finishings:*

- Chrome
- .BR Bronze\*
- .NA Old nickel\*

\*The brushed finishing collections are made entirely by hand. This mean that their discontinuous shade may be visible. These distinct characteristics contribute to making each piece unique and exclusive.

**IMPORTANT:** With regard to caring for the Porta & Bini products, only use cleaning material which is explicitly provided for this type of application. Never use cleaning materials or appliances with an abrasive effect, such as unsuitable cleaning powders, sponge pads or micro fibre cloths.

## SPECIFICHE TECNICHE

- > Temperatura di utilizzo massima 80°C - consigliata 60°C.
- > Pressione di alimentazione ottimale 3 bar continui.
- > Differenza pressione massima acqua calda/fredda 1 bar consigliata la minima possibile.
- > Nel caso di pressioni oltre i 5 bar, è consigliabile installare un riduttore di pressione.

**NOTE:** I tubetti flessibili vengono forniti come dotazione standard per una più facile installazione; i tubetti rigidi sono disponibili come un accessorio opzionale o su previa richiesta.

Per garantire l'ottimale funzionamento del prodotto si consiglia l'installazione di rubinetti filtro sottolavabo ispezionabili Porta & Bini articoli: 538, 539 e 540.

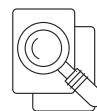

## TECHNICAL SPECIFICATION

Gli articoli della serie New Old sono disponibili nelle finiture sotto indicate:

	Cromo	.DC	Dark copper*
.GI	Ottone lucido	.CS	Cromo spazzolato*
.CD	Cromo oro	.NA	Nichel antico*
.BR	Bronzato*	.DO	Dorato
.RA	Ramato*	.RS	Oro rosa
.DB	Dark bronze*		

\*Le collezioni prodotte con finiture spazzolate vengono realizzate interamente a mano. Tale processo conferisce alla finitura una speciale discontinuità, rendendo ogni pezzo unico ed esclusivo.

**IMPORTANTE:** Nella cura dei prodotti Porta & Bini si devono utilizzare soltanto i prodotti di pulizia che sono espressamente previsti per questo campo d'impiego. Non utilizzare prodotti ausiliari e attrezzi per la pulizia con effetto abrasivo, come abrasivi inadatti, spugne e panni in microfibra.

*The articles included in New Old series are available in the following finishings:*

Gli articoli della serie Aladin sono disponibili nelle finiture sotto indicate:

	Cromo	.DC	Dark copper*
.GI	Ottone lucido	.CS	Cromo spazzolato*
.CD	Cromo oro	.NA	Nichel antico*
.BR	Bronzato*	.DO	Dorato
.RA	Ramato*	.RS	Oro rosa
.DB	Dark bronze*		

\*Le collezioni prodotte con finiture spazzolate vengono realizzate interamente a mano. Tale processo conferisce alla finitura una speciale discontinuità, rendendo ogni pezzo unico ed esclusivo.

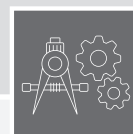

**IMPORTANTE:** Nella cura dei prodotti Porta & Bini si devono utilizzare soltanto i prodotti di pulizia che sono espressamente previsti per questo campo d'impiego. Non utilizzare prodotti ausiliari e attrezzi per la pulizia con effetto abrasivo, come abrasivi inadatti, spugne e panni in microfibra.

*The articles included in Aladin series are available in the following finishings:*

	Chrome	.DC	Dark copper*
.GI	Natural brass	.CS	Brushed chrome*
.CD	Chrome gold	.NA	Old nickel*
.BR	Bronze*	.DO	Gold
.RA	Copper*	.RS	Rose gold
.DB	Dark bronze*		

\*The brushed finishing collections are made entirely by hand. This mean that their discontinuous shade may be visible. These distinct characteristics contribute to making each piece unique and exclusive.

**IMPORTANT:** With regard to caring for the Porta & Bini products, only use cleaning material which is explicitly provided for this type of application. Never use cleaning materials or appliances with an abrasive effect, such as unsuitable cleaning powders, sponge pads or micro fibre cloths.

Gli articoli della serie Aladin White and Black sono disponibili nelle finiture sotto indicate:

	Cromo	.DC	Dark copper*
.GI	Ottone lucido	.CS	Cromo spazzolato*
.CD	Cromo oro	.NA	Nichel antico*
.BR	Bronzato*	.DO	Dorato
.RA	Ramato*	.RS	Oro rosa
.DB	Dark bronze*		

\*Le collezioni prodotte con finiture spazzolate vengono realizzate interamente a mano. Tale processo conferisce alla finitura una speciale discontinuità, rendendo ogni pezzo unico ed esclusivo.

**IMPORTANTE:** Nella cura dei prodotti Porta & Bini si devono utilizzare soltanto i prodotti di pulizia che sono espressamente previsti per questo campo d'impiego. Non utilizzare prodotti ausiliari e attrezzi per la pulizia con effetto abrasivo, come abrasivi inadatti, spugne e panni in microfibra.

*The articles included in Aladin White and Black series are available in the following finishings:*

	Chrome	.DC	Dark copper*
.GI	Natural brass	.CS	Brushed chrome*
.CD	Chrome gold	.NA	Old nickel*
.BR	Bronze*	.DO	Gold
.RA	Copper*	.RS	Rose gold
.DB	Dark bronze*		

\*The brushed finishing collections are made entirely by hand. This mean that their discontinuous shade may be visible. These distinct characteristics contribute to making each piece unique and exclusive.

**IMPORTANT:** With regard to caring for the Porta & Bini products, only use cleaning material which is explicitly provided for this type of application. Never use cleaning materials or appliances with an abrasive effect, such as unsuitable cleaning powders, sponge pads or micro fibre cloths.

Porta & Bini si riserva il diritto di apportare eventuali modifiche ai propri prodotti senza preavviso. Le dimensioni raffigurate all'interno delle rappresentazioni grafiche sono da ritenersi indicative e soggette a possibili variazioni. In caso di domande si prega di contattare il proprio fornitore autorizzato Porta & Bini.

*Porta & Bini has the right to modify its products without any notice. All dimensions are based on original specification and are subject to change and variation. Please consult your Porta & Bini Design Associate for current specifications.*

Gli articoli della serie Old Fashion sono disponibili nelle finiture sotto indicate:

	Cromo	.DC	Dark copper*
.GI	Ottone lucido	.CS	Cromo spazzolato*
.CD	Cromo oro	.NA	Nichel antico*
.BR	Bronzato*	.DO	Dorato
.RA	Ramato*	.RS	Oro rosa
.DB	Dark bronze*		

\*Le collezioni prodotte con finiture spazzolate vengono realizzate interamente a mano. Tale processo conferisce alla finitura una speciale discontinuità, rendendo ogni pezzo unico ed esclusivo.

**IMPORTANTE:** Nella cura dei prodotti Porta & Bini si devono utilizzare soltanto i prodotti di pulizia che sono espressamente previsti per questo campo d'impiego. Non utilizzare prodotti ausiliari e attrezzi per la pulizia con effetto abrasivo, come abrasivi inadatti, spugne e panni in microfibra.

*The articles included in Old Fashion series are available in the following finishings:*

	Chrome	.DC	Dark copper*
.GI	Natural brass	.CS	Brushed chrome*
.CD	Chrome gold	.NA	Old nickel*
.BR	Bronze*	.DO	Gold
.RA	Copper*	.RS	Rose gold
.DB	Dark bronze*		

\*The brushed finishing collections are made entirely by hand. This mean that their discontinuous shade may be visible. These distinct characteristics contribute to making each piece unique and exclusive.

**IMPORTANT:** With regard to caring for the Porta & Bini products, only use cleaning material which is explicitly provided for this type of application. Never use cleaning materials or appliances with an abrasive effect, such as unsuitable cleaning powders, sponge pads or micro fibre cloths.

Gli articoli della serie Queen sono disponibili nelle finiture sotto indicate:

	Cromo	.DC	Dark copper*
.GI	Ottone lucido	.CS	Cromo spazzolato*
.CD	Cromo oro	.NA	Nichel antico*
.BR	Bronzato*	.DO	Dorato
.RA	Ramato*	.RS	Oro rosa
.DB	Dark bronze*		

\*Le collezioni prodotte con finiture spazzolate vengono realizzate interamente a mano. Tale processo conferisce alla finitura una speciale discontinuità, rendendo ogni pezzo unico ed esclusivo.

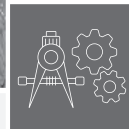

**IMPORTANTE:** Nella cura dei prodotti Porta & Bini si devono utilizzare soltanto i prodotti di pulizia che sono espressamente previsti per questo campo d'impiego. Non utilizzare prodotti ausiliari e attrezzi per la pulizia con effetto abrasivo, come abrasivi inadatti, spugne e panni in microfibra.

*The articles included in Queen series are available in the following finishings:*

	Chrome	.DC	Dark copper*
.GI	Natural brass	.CS	Brushed chrome*
.CD	Chrome gold	.NA	Old nickel*
.BR	Bronze*	.DO	Gold
.RA	Copper*	.RS	Rose gold
.DB	Dark bronze*		

\*The brushed finishing collections are made entirely by hand. This mean that their discontinuous shade may be visible. These distinct characteristics contribute to making each piece unique and exclusive.

**IMPORTANT:** With regard to caring for the Porta & Bini products, only use cleaning material which is explicitly provided for this type of application. Never use cleaning materials or appliances with an abrasive effect, such as unsuitable cleaning powders, sponge pads or micro fibre cloths.

Porta & Bini si riserva il diritto di apportare eventuali modifiche ai propri prodotti senza preavviso. Le dimensioni raffigurate all'interno delle rappresentazioni grafiche sono da ritenersi indicative e soggette a possibili variazioni. In caso di domande si prega di contattare il proprio fornitore autorizzato Porta & Bini.

Porta & Bini has the right to modify its products without any notice. All dimensions are based on original specification and are subject to change and variation. Please consult your Porta & Bini Design Associate for current specifications.

# King 341

Gli articoli della serie King sono disponibili nelle finiture sotto indicate:

	Cromo	.DC	Dark copper*
.GI	Ottone lucido	.CS	Cromo spazzolato*
.CD	Cromo oro	.NA	Nichel antico*
.BR	Bronzato*	.DO	Dorato
.RA	Ramato*	.RS	Oro rosa
.DB	Dark bronze*		

\*Le collezioni prodotte con finiture spazzolate vengono realizzate interamente a mano. Tale processo conferisce alla finitura una speciale discontinuità, rendendo ogni pezzo unico ed esclusivo.

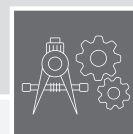

**IMPORTANTE:** Nella cura dei prodotti Porta & Bini si devono utilizzare soltanto i prodotti di pulizia che sono espressamente previsti per questo campo d'impiego. Non utilizzare prodotti ausiliari e attrezzi per la pulizia con effetto abrasivo, come abrasivi inadatti, spugne e panni in microfibra.

*The articles included in King series are available in the following finishings:*

	Chrome	.DC	Dark copper*
.GI	Natural brass	.CS	Brushed chrome*
.CD	Chrome gold	.NA	Old nickel*
.BR	Bronze*	.DO	Gold
.RA	Copper*	.RS	Rose gold
.DB	Dark bronze*		

\*The brushed finishing collections are made entirely by hand. This mean that their discontinuous shade may be visible. These distinct characteristics contribute to making each piece unique and exclusive.

**IMPORTANT:** With regard to caring for the Porta & Bini products, only use cleaning material which is explicitly provided for this type of application. Never use cleaning materials or appliances with an abrasive effect, such as unsuitable cleaning powders, sponge pads or micro fibre cloths.

## SPECIFICHE TECNICHE

- › Temperatura di utilizzo massima 80°C - consigliata 60°C.
- › Pressione di alimentazione ottimale 3 bar continui.
- › Differenza pressione massima acqua calda/fredda 1 bar consigliata la minima possibile.
- › Nel caso di pressioni oltre i 5 bar, è consigliabile installare un riduttore di pressione.

**NOTA:** I tubetti flessibili vengono forniti come dotazione standard per una più facile installazione; i tubetti rigidi sono disponibili come un accessorio opzionale o su previa richiesta.

Versione .CER si intende con vitone 1/2" a dischi ceramici con angolo di rotazione di 90° - 1/4 di giro.

Per garantire l'ottimale funzionamento del prodotto si consiglia l'installazione di rubinetti filtro sottolavabo ispezionabili Porta & Bini articoli: 538, 539 e 540.

## TECHNICAL SPECIFICATION

- › Temperature range max 80°C - recommended 60°C.

Gli articoli della serie Marea sono disponibili nelle finiture sotto indicate:

	Cromo	.RA	Ramato*
.GI	Ottone lucido	.DB	Dark bronze*
.CD	Cromo oro	.NA	Nichel antico*
.BR	Bronzato*	.DO	Dorato

\*Le collezioni prodotte con finiture spazzolate vengono realizzate interamente a mano. Tale processo conferisce alla finitura una speciale discontinuità, rendendo ogni pezzo unico ed esclusivo.

**IMPORTANTE:** Nella cura dei prodotti Porta & Bini si devono utilizzare soltanto i prodotti di pulizia che sono espressamente previsti per questo campo d'impiego. Non utilizzare prodotti ausiliari e attrezzi per la pulizia con effetto abrasivo, come abrasivi inadatti, spugne e panni in microfibra.

*The articles included in Marea series are available in the following finishings:*

	Chrome	.RA	Copper*
.GI	Natural brass	.DB	Dark bronze*
.CD	Chrome gold	.NA	Old nickel*
.BR	Bronze*	.DO	Gold

\*The brushed finishing collections are made entirely by hand. This mean that their discontinuous shade may be visible. These distinct characteristics contribute to making each piece unique and exclusive.

**IMPORTANT:** With regard to caring for the Porta & Bini products, only use cleaning material which is explicitly provided for this type of application. Never use cleaning materials or appliances with an abrasive effect, such as unsuitable cleaning powders, sponge pads or micro fibre cloths.

#### SPECIFICHE TECNICHE

- › Temperatura di utilizzo massima 80°C - consigliata 60°C.
- › Pressione di alimentazione ottimale 3 bar continui.
- › Differenza pressione massima acqua calda/fredda 1 bar consigliata la minima possibile.
- › Nel caso di pressioni oltre i 5 bar, è consigliabile installare un riduttore di pressione.

**NOTA:** I tubetti flessibili vengono forniti come dotazione standard per una più facile installazione; i tubetti rigidi sono disponibili come un accessorio opzionale o su previa richiesta.

Versione .CER si intende con vitone 1/2" a dischi ceramici con angolo di rotazione di 90° - 1/4 di giro.

Per garantire l'ottimale funzionamento del prodotto si consiglia l'installazione di rubinetti filtro sottolavabo ispezionabili Porta & Bini articoli: 538, 539 e 540.

#### TECHNICAL SPECIFICATION

- › Temperature range max 80°C - recommended 60°C.
- › Optimal water supply pressure 3 bar continual.
- › Difference of hot/cold pressure max 1 bar recommended minimum possible.
- › In the event of pressure over 5 bar, install a centralized pressure reducer.

**NOTE:** Stainless steel hoses are provided as standard equipment for easy installation; copper supply tubes are available as an optional accessory or with advance notice.

Version .CER means with ceramic head work valve 1/2" with a rotation angle of 90° - 1/4 turn.

In order to allow optimal product operation is recommended to connect hot and cold waterlines to the angle stop filter valves Porta & Bini items code: 538, 539 and 540.

# ROYAL 387

Gli articoli della serie Royal sono disponibili nelle finiture sotto indicate:

	Cromo	.DB	Dark bronze*
.CD	Cromo oro	.NA	Nichel antico*
.BR	Bronzato*	.DO	Dorato
.RA	Ramato*		

\*Le collezioni prodotte con finiture spazzolate vengono realizzate interamente a mano. Tale processo conferisce alla finitura una speciale discontinuità, rendendo ogni pezzo unico ed esclusivo.

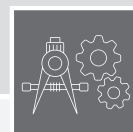

**IMPORTANTE:** Nella cura dei prodotti Porta & Bini si devono utilizzare soltanto i prodotti di pulizia che sono espressamente previsti per questo campo d'impiego. Non utilizzare prodotti ausiliari e attrezzi per la pulizia con effetto abrasivo, come abrasivi inadatti, spugne e panni in microfibra.

*The articles included in Royal series are available in the following finishings:*

	Chrome	.DB	Dark bronze*
.CD	Chrome gold	.NA	Old nickel*
.BR	Bronze*	.DO	Gold
.RA	Copper*		

\*The brushed finishing collections are made entirely by hand. This mean that their discontinuous shade may be visible. These distinct characteristics contribute to making each piece unique and exclusive.

**IMPORTANT:** With regard to caring for the Porta & Bini products, only use cleaning material which is explicitly provided for this type of application. Never use cleaning materials or appliances with an abrasive effect, such as unsuitable cleaning powders, sponge pads or micro fibre cloths.

# DUNA 404

Gli articoli della serie Duna sono disponibili nelle finiture sotto indicate:

	Cromo	.DB	Dark bronze*
.BR	Bronzato*	.NA	Nichel antico*
.RA	Ramato*		

\*Le collezioni prodotte con finiture spazzolate vengono realizzate interamente a mano. Tale processo conferisce alla finitura una speciale discontinuità, rendendo ogni pezzo unico ed esclusivo.

**IMPORTANTE:** Nella cura dei prodotti Porta & Bini si devono utilizzare soltanto i prodotti di pulizia che sono espressamente previsti per questo campo d'impiego. Non utilizzare prodotti ausiliari e attrezzi per la pulizia con effetto abrasivo, come abrasivi inadatti, spugne e panni in microfibra.

*The articles included in Duna series are available in the following finishings:*

	Chrome	.DB	Dark bronze*
.BR	Bronze*	.NA	Old nickel*
.RA	Copper*		

\*The brushed finishing collections are made entirely by hand. This mean that their discontinuous shade may be visible. These distinct characteristics contribute to making each piece unique and exclusive.

**IMPORTANT:** With regard to caring for the Porta & Bini products, only use cleaning material which is explicitly provided for this type of application. Never use cleaning materials or appliances with an abrasive effect, such as unsuitable cleaning powders, sponge pads or micro fibre cloths.

## SPECIFICHE TECNICHE

Gli articoli della serie Max sono disponibili nelle finiture sotto indicate:

- Cromo
- .BR Bronzato\*
- .NA Nichel antico\*

\*Le collezioni prodotte con finiture spazzolate vengono realizzate interamente a mano. Tale processo conferisce alla finitura una speciale discontinuità, rendendo ogni pezzo unico ed esclusivo.

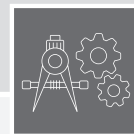

**IMPORTANTE:** Nella cura dei prodotti Porta & Bini si devono utilizzare soltanto i prodotti di pulizia che sono espressamente previsti per questo campo d'impiego. Non utilizzare prodotti ausiliari e attrezzi per la pulizia con effetto abrasivo, come abrasivi inadatti, spugne e panni in microfibra.

*The articles included in Max series are available in the following finishings:*

- Chrome
- .BR Bronze\*
- .NA Old nickel\*

\*The brushed finishing collections are made entirely by hand. This mean that their discontinuous shade may be visible. These distinct characteristics contribute to making each piece unique and exclusive.

**IMPORTANT:** With regard to caring for the Porta & Bini products, only use cleaning material which is explicitly provided for this type of application. Never use cleaning materials or appliances with an abrasive effect, such as unsuitable cleaning powders, sponge pads or micro fibre cloths.

## SPECIFICHE TECNICHE

- › Temperatura di utilizzo massima 80°C - consigliata 60°C.
- › Pressione di alimentazione ottimale 3 bar continui.
- › Differenza pressione massima acqua calda/fredda 1 bar consigliata la minima possibile.

Gli articoli della serie Paris sono disponibili nelle finiture sotto indicate:

Chromo	.DB	Dark bronze*
.CD Cromo oro	.NA	Nichel antico*
.BR Bronzato*		

\*Le collezioni prodotte con finiture spazzolate vengono realizzate interamente a mano. Tale processo conferisce alla finitura una speciale discontinuità, rendendo ogni pezzo unico ed esclusivo.

**IMPORTANTE:** Nella cura dei prodotti Porta & Bini si devono utilizzare soltanto i prodotti di pulizia che sono espressamente previsti per questo campo d'impiego. Non utilizzare prodotti ausiliari e attrezzi per la pulizia con effetto abrasivo, come abrasivi inadatti, spugne e panni in microfibra.

*The articles included in Paris series are available in the following finishings:*

Chrome	.DB	Dark bronze*
.CD Chrome gold	.NA	Old nickel*
.BR Bronze*		

\*The brushed finishing collections are made entirely by hand. This mean that their discontinuous shade may be visible. These distinct characteristics contribute to making each piece unique and exclusive.

**IMPORTANT:** With regard to caring for the Porta & Bini products, only use cleaning material which is explicitly provided for this type of application. Never use cleaning materials or appliances with an abrasive effect, such as unsuitable cleaning powders, sponge pads or micro fibre cloths.

**IMPORTANT:** With regard to caring for the Porta & Bini products, only use cleaning material which is explicitly provided for this type of application. Never use cleaning materials or appliances with an abrasive effect, such as unsuitable cleaning powders, sponge pads or micro fibre cloths.

#### SPECIFICHE TECNICHE

- › Temperatura di utilizzo massima 80°C - consigliata 60°C.
- › Pressione di alimentazione ottimale 3 bar continui.
- › Differenza pressione massima acqua calda/fredda 1 bar consigliata la minima possibile.
- › Nel caso di pressioni oltre i 5 bar, è consigliabile installare un riduttore di pressione.

**NOTA:** I tubetti flessibili vengono forniti come dotazione standard per una più facile installazione; i tubetti rigidi sono disponibili come un accessorio opzionale o su previa richiesta.

Versione .R si intende con cartuccia a risparmio energetico con regolatore di temperatura.

**NOTA:** La cartuccia a risparmio energetico viene fornita con l'anello di regolazione della temperatura in posizione neutrale. Per risparmiare acqua ed evitare scottature, l'anello può essere spostato in modo da non far raggiungere alla cartuccia la posizione di piena erogazione dell'acqua calda. La cartuccia è provvista anche di un ottimizzatore di flusso o "click" a metà apertura della leva che fornisce un risparmio idrico ed una diminuzione di portata fino al 50%.

Per garantire l'ottimale funzionamento del prodotto si consiglia l'installazione di rubinetti filtro sottolavabo ispezionabili Porta & Bini articoli: 538, 539 e 540.

#### TECHNICAL SPECIFICATION

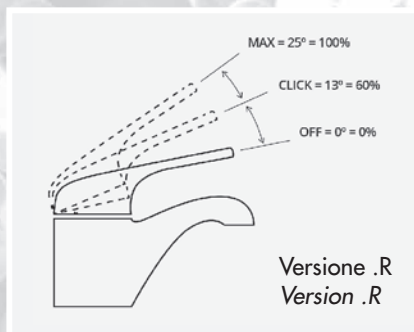

- › Temperature range max 80°C - recommended 60°C.
- › Optimal water supply pressure 3 bar continual.
- › Difference of hot/cold pressure max 1 bar recommended minimum possible.
- › In the event of pressure over 5 bar, install a centralized pressure reducer.

**NOTE:** Stainless steel hoses are provided as standard equipment for easy installation; copper supply tubes are available as an optional accessory or with advance notice.

Version .R means with water saving and temperature adjustment cartridge.

**NOTE:** Cartridge is supplied with hot limit ring in the middle position. To save hot water and avoid scalding, the ring may be adjusted so the ring pin contacts the stop before the faucet handle reaches the full hot water position. Water flow optimization thanks to a mid-way stop at 60% of the lever stroke that provides up to 50% water saving.

In order to allow optimal product operation is recommended to connect hot and cold waterlines to the angle stop filter valves Porta & Bini items code: 538, 539 and 540.

Gli articoli della serie Italy sono disponibili nelle finiture sotto indicate:

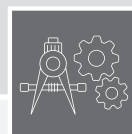

Cromo .CT2 Colorato bianco

**IMPORTANTE:** Nella cura dei prodotti Porta & Bini si devono utilizzare soltanto i prodotti di pulizia che sono espressamente previsti per questo campo d'impiego. Non utilizzare prodotti ausiliari e attrezzi per la pulizia con effetto abrasivo, come abrasivi inadatti, spugne e panni in microfibra.

*The articles included in Italy series are available in the following finishings:*

Chrome .CT2 White colored

**IMPORTANT:** With regard to caring for the Porta & Bini products, only use cleaning material which is explicitly provided for this type of application. Never use cleaning materials or appliances with an abrasive effect, such as unsuitable cleaning powders, sponge pads or micro fibre cloths.

## SPECIFICHE TECNICHE

- › Temperatura di utilizzo massima 80°C - consigliata 60°C.
- › Pressione di alimentazione ottimale 3 bar continui.
- › Differenza pressione massima acqua calda/fredda 1 bar consigliata la minima possibile.
- › Nel caso di pressioni oltre i 5 bar, è consigliabile installare un riduttore di pressione.

**NOTA:** I tubetti flessibili vengono forniti come dotazione standard per una più facile installazione; i tubetti rigidi sono disponibili come un accessorio opzionale o su previa richiesta.  
Versione .R si intende con cartuccia a risparmio energetico con regolatore di temperatura.

**NOTA:** La cartuccia a risparmio energetico viene fornita con l'anello di regolazione della temperatura in posizione neutrale. Per risparmiare acqua ed evitare scottature, l'anello può essere spostato in modo da non far raggiungere alla cartuccia la posizione di piena erogazione dell'acqua calda. La cartuccia è provvista anche di un ottimizzatore di flusso o "click" a metà apertura della leva che fornisce un risparmio idrico ed una diminuzione di portata fino al 50%.

Per garantire l'ottimale funzionamento del prodotto si consiglia l'installazione di rubinetti filtro sottolavabo ispezionabili Porta & Bini articoli: 538, 539 e 540.

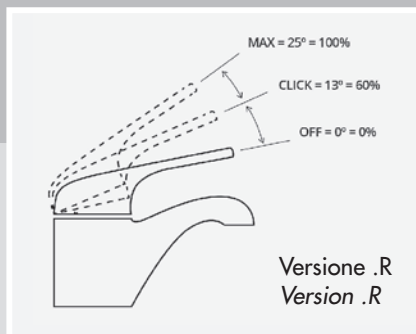

## TECHNICAL SPECIFICATION

- › Temperature range max 80°C - recommended 60°C.
- › Optimal water supply pressure 3 bar continual.
- › Difference of hot/cold pressure max 1 bar recommended minimum possible.
- › In the event of pressure over 5 bar, install a centralized pressure reducer.

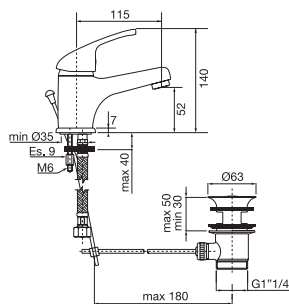

**NOTE:** Stainless steel hoses are provided as standard equipment for easy installation; copper supply tubes are available as an optional accessory or with advance notice.  
Version .R means with water saving and temperature adjustment cartridge.

**NOTE:** Cartridge is supplied with hot limit ring in the middle position. To save hot water and avoid scalding, the ring may be adjusted so the ring pin contacts the stop before the faucet handle reaches the full hot water position. Water flow optimization thanks to a mid-way stop at 60% of the lever stroke that provides up to 50% water saving.

In order to allow optimal product operation is recommended to connect hot and cold waterlines to the angle stop filter valves Porta & Bini items code: 538, 539 and 540.

Gli articoli della serie Joy sono disponibili nella finitura sotto indicata:

Cromo

**IMPORTANTE:** Nella cura dei prodotti Porta & Bini si devono utilizzare soltanto i prodotti di pulizia che sono espressamente previsti per questo campo d'impiego. Non utilizzare prodotti ausiliari e attrezzi per la pulizia con effetto abrasivo, come abrasivi inadatti, spugne e panni in microfibra.

*The articles included in Joy series are available in the following finishing:*

Chrome

**IMPORTANT:** With regard to caring for the Porta & Bini products, only use cleaning material which is explicitly provided for this type of application. Never use cleaning materials or appliances with an abrasive effect, such as unsuitable cleaning powders, sponge pads or micro fibre cloths.

## SPECIFICHE TECNICHE

- › Temperatura di utilizzo massima 80°C - consigliata 60°C.
- › Pressione di alimentazione ottimale 3 bar continui.
- › Differenza pressione massima acqua calda/fredda 1 bar consigliata la minima possibile.
- › Nel caso di pressioni oltre i 5 bar, è consigliabile installare un riduttore di pressione.

**NOTA:** I tubetti flessibili vengono forniti come dotazione standard per una più facile installazione; i tubetti rigidi sono disponibili come un accessorio opzionale o su previa richiesta.

Versione .R si intende con cartuccia a risparmio energetico con regolatore di temperatura.

**NOTA:** La cartuccia a risparmio energetico viene fornita con l'anello di regolazione della temperatura in posizione neutrale. Per risparmiare acqua ed evitare scottature, l'anello può essere spostato in modo da non far raggiungere alla cartuccia la posizione di piena erogazione dell'acqua calda. La cartuccia è provvista anche di un ottimizzatore di flusso o "click" a metà apertura della leva che fornisce un risparmio idrico ed una diminuzione di portata fino al 50%.

Per garantire l'ottimale funzionamento del prodotto si consiglia l'installazione di rubinetti filtro sottolavabo ispezionabili Porta & Bini articoli: 538, 539 e 540.

## TECHNICAL SPECIFICATION

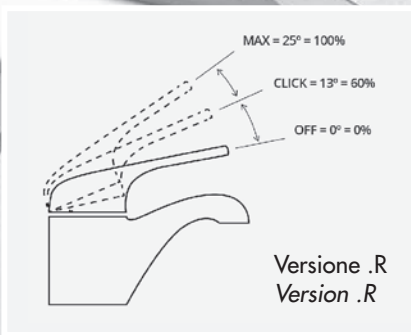

- › Temperature range max 80°C - recommended 60°C.
- › Optimal water supply pressure 3 bar continual.
- › Difference of hot/cold pressure max 1 bar recommended minimum possible.
- › In the event of pressure over 5 bar, install a centralized pressure reducer.

**NOTE:** Stainless steel hoses are provided as standard equipment for easy installation; copper supply tubes are available as an optional accessory or with advance notice.

Version .R means with water saving and temperature adjustment cartridge.

**NOTE:** Cartridge is supplied with hot limit ring in the middle position. To save hot water and avoid scalding, the ring may be adjusted so the ring pin contacts the stop before the faucet handle reaches the full hot water position. Water flow optimization thanks to a mid-way stop at 60% of the lever stroke that provides up to 50% water saving.

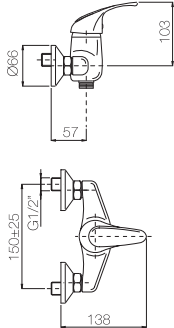

In order to allow optimal product operation is recommended to connect hot and cold waterlines to the angle stop filter valves Porta & Bini items code: 538, 539 and 540.

**IMPORTANTE:** Nella cura dei prodotti Porta & Bini si devono utilizzare soltanto i prodotti di pulizia che sono espressamente previsti per questo campo d'impiego. Non utilizzare prodotti ausiliari e attrezzi per la pulizia con effetto abrasivo, come abrasivi inadatti, spugne e panni in microfibra.

*The articles included in Magic series are available in the following finishing:*

Chrome

**IMPORTANT:** With regard to caring for the Porta & Bini products, only use cleaning material which is explicitly provided for this type of application. Never use cleaning materials or appliances with an abrasive effect, such as unsuitable cleaning powders, sponge pads or micro fibre cloths.

## SPECIFICHE TECNICHE

- › Temperatura di utilizzo massima 80°C - consigliata 60°C.
- › Pressione di alimentazione ottimale 3 bar continui.
- › Differenza pressione massima acqua calda/fredda 1 bar consigliata la minima possibile.
- › Nel caso di pressioni oltre i 5 bar, è consigliabile installare un riduttore di pressione.

**NOTA:** I tubetti flessibili vengono forniti come dotazione standard per una più facile installazione; i tubetti rigidi sono disponibili come un accessorio opzionale o su previa richiesta.

Versione .R si intende con cartuccia a risparmio energetico con regolatore di temperatura.

**NOTA:** La cartuccia a risparmio energetico viene fornita con l'anello di regolazione della temperatura in posizione neutrale. Per risparmiare acqua ed evitare scottature, l'anello può essere spostato in modo da non far raggiungere alla cartuccia la posizione di piena erogazione dell'acqua calda. La cartuccia è provvista anche di un ottimizzatore di flusso o "click" a metà apertura della leva che fornisce un risparmio idrico ed una diminuzione di portata fino al 50%.

Per garantire l'ottimale funzionamento del prodotto si consiglia l'installazione di rubinetti filtro sottolavabo ispezionabili Porta & Bini articoli: 538, 539 e 540.

## TECHNICAL SPECIFICATION

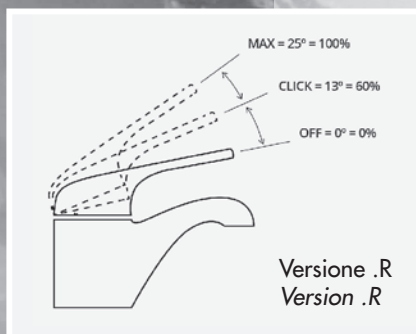

- › Temperature range max 80°C - recommended 60°C.
- › Optimal water supply pressure 3 bar continual.
- › Difference of hot/cold pressure max 1 bar recommended minimum possible.
- › In the event of pressure over 5 bar, install a centralized pressure reducer.

**NOTE:** Stainless steel hoses are provided as standard equipment for easy installation; copper supply tubes are available as an optional accessory or with advance notice.

Version .R means with water saving and temperature adjustment cartridge.

**NOTE:** Cartridge is supplied with hot limit ring in the middle position. To save hot water and avoid scalding, the ring may be adjusted so the ring pin contacts the stop before the faucet handle reaches the full hot water position. Water flow optimization thanks to a mid-way stop at 60% of the lever stroke that provides up to 50% water saving.

In order to allow optimal product operation is recommended to connect hot and cold waterlines to the angle stop filter valves Porta & Bini items code: 538, 539 and 540.

## Ordini

Tutti gli ordini si intendono assunti a titolo di prenotazione e non impegnano la nostra Ditta alla consegna anche parziale di quanto ordinato. Verrà addebitato un costo aggiuntivo per ordini di piccole quantità. I prezzi riportati in questo listino si intendono al netto di I.V.A.

## Spedizioni

La merce viaggia a rischio del committente anche se la spedizione viene effettuata porto franco. Porta & Bini declina ogni responsabilità per eventuali ammanchi, danni e ritardi che si verificassero durante il trasporto.

## Garanzia

La garanzia Porta & Bini è valida per la rubinetteria.

La garanzia Porta & Bini perde la sua validità in questi casi:

- 1 - Deterioramento della cromatura dovuta all'uso di detersivi abrasivi o acidi (anticalcare).
- 2 - L'inefficienza del rubinetto Porta & Bini può essere causato dalla qualità dell'acqua (es. calcare).
- 3 - Tutti gli articoli di nostra produzione sono accuratamente controllati, danni provocati da installazioni improprie o cattivo uso non sono coperti da alcuna garanzia.

Non si accettano resi di merce se non autorizzati: in ogni caso dovranno avvenire in porto franco. Il materiale con difetti di fabbricazione viene sostituito dopo gli opportuni controlli.

Qualora i prodotti fossero ritenuti difettosi, la nostra responsabilità si limita alla loro sostituzione, senza alcun ulteriore indennizzo per danni diretti o indiretti causati dal loro impiego.

## Pagamenti

Le condizioni sono quelle indicate nelle copie commissioni e sono tassative.

La vendita si intende fatta sotto la clausola di riserva di proprietà. La proprietà della merce passerà all'acquirente solo dopo che questi abbia pagato il relativo costo.

Trascorse le scadenze convenute, saranno conteggiati gli interessi di mora al tasso indicato in fattura. Il ritardo pagamento ci autorizza a sospendere, senza alcun preavviso, le forniture in corso.

## Orders

All orders are taken in terms of booking and, as such, do not commit our company to deliver neither the whole order nor a part. An additional cost is foreseen for small quantity orders. The prices listed are intended net of VAT.

## Consignments

The goods travel at risk of the purchaser, even if the transportation is carriage paid. Porta & Bini accepts no responsibility for possible loss, damage or delay during the transportation.

## Guarantee

The Porta & Bini guarantee applies to taps.

The Porta & Bini guarantee does not apply in the following cases:

- 1- Chromium deterioration due to the use of detergents or abrasive products (anti-scale).
- 2- Deficiencies of Porta & Bini taps can be due to poor water quality (e.g. scale).
- 3- All our goods are carefully checked, damages caused by improper installations or use are not covered by any form of guarantee.

The return of goods is not accepted unless authorised: in any case the goods will have to be delivered carriage paid.

Defective goods will be replaced after appropriate checking.

In the case of defective goods, our responsibility is limited to their replacement, without any subsequent compensation for direct or indirect damages caused by their use.

## Payments

The conditions are those indicated in the delivery notice and are peremptory.

The sale is made subject to ownership reserve clause. Ownership is transferred to the purchaser only when payment has been made. If payment is not made by the deadline, interest will be charged at the rate indicated on the invoice. In the case of late payment, we reserve the right to postpone delivery of goods without warning.
